# EVERGREENS

## Beautify Your HOME

For the correct way to plant  
Evergreens select according to  
numbers indicated.

No. 1—Pyramidal Arbor-vitae,  
American Arbor-Vitae,  
Irish Juniper.

No. 2—Pfitzer's Juniper, Savin  
Juniper.

No. 3—Mugho Pine, Globe Ar-  
bor-Vitae, Tom Thumb  
Arbor-Vitae.

### Door-step Planting

Evergreens dignify the doorway entrance and at the same time establish a feeling of warmth and welcome so desirable at the entrance.

HERE is nothing that can quite take the place of Evergreens. In the summer their stately dignified grandeur adds serenity to the riot of colors in other vegetation, and in the snowy winter their cheerful freshness gives one a comforting promise in the bleak landscape, that spring will come.

These smaller types are most suitable for use in the foundation planting, near walks, drives and buildings

**Juniper Excelsa  
Stricta**  
*Spiny Greek Juniper*

**Andorra Juniper**

The larger types are most effective as specimens,  
also for backgrounds, windbreaks and screening

**Norway Spruce**

An old-time favorite for wind-break and ornamental planting. Excellent for hedges, can be trimmed to any height. Preferred by many as a living Christmas tree.

**Black Hills Spruce**

A great favorite for single specimen planting on the lawn. Famed for its shapeliness.

**Scotch Pine**

Bold and handsome in youth or mature trees. Long shiny needles. Fine for a specimen lawn tree.

**Canadian or American Hemlock**

Young or old, the Hemlock is always a picture of gracefulness. Foliage dark green, lacy, close-set, drooping gracefully. The best Evergreen in heavy shade.

**Austrian Pine**

A favorite for ornamental planting, either in the background, or as a choice specimen on the lawn. Invaluable as a windbreak.

**Colorado Blue Spruce**

A very desirable, well shaped Evergreen. Heavy foliage of a rich glistening blue which flashes and sparkles in the sunlight. A beauty for the lawn.

**A Young White Pine**

#### For Hedges We Suggest

LOW—*Globe Arbor-vitae, Taxus Cuspidata, Taxus Capitata, American Arbor-vitae, Spiny Greek Juniper.*

TALL—*Pyramidal Arbor-vitae, Hemlock, Norway Spruce, Taxus Capitata, American Arbor-vitae, Juniper Virginiana Glauca, Hicks' Yew.*
